Awqaf and Endowment Board of Trustees Governance

Ref: 1120_5613 **Date:** 1 – 5 March 2027 **Location:** London - Central London four-star **Fees:** 23000 SAR

Introduction

Endowments and charitable trusts require distinct institutional direction that separates generational asset stewardship from commercial company management. In many philanthropic trusts, nadhir councils struggle with blurred boundaries between waqf founder intent, capital preservation mandates, and day-to-day endowment operations. The Awqaf and Endowment Board of Trustees Governance programme addresses these specific challenges by examining the principles of endowment governance, waqf deed stipulations, and sharia-compliant asset safeguarding. Trustees, council members, and endowment directors examine structural arrangements to establish clear custodial accountabilities and rigorous beneficiary disbursement models. Participants build a comprehensive Endowment Council Development and Succession Framework for their trust in this advanced programme offered by Core Concept.

Course Objectives

- Align endowment council operations with statutory waqf regulations and founder deed stipulations.
- Distinguish custodial trusteeship functions from day-to-day asset and property management operations.
- Formulate endowment council charters that define mutawalli mandates, member terms, and voting procedures.
- Establish prudent disbursement guidelines that protect perpetual principal while fulfilling donor designations.
- Mitigate trustee liability and resolve conflicts of interest through formal disclosure protocols.
- Develop an Endowment Council Development and Succession Framework to sustain generational institutional continuity.

Target Audience

- Chairs and trustee members of family, corporate, and public endowment councils
- Mutawalli representatives and principal stewards responsible for waqf asset administration
- Philanthropic foundation directors and family office trustees directing endowment portfolios
- Legal advisors, sharia compliance officers, and council secretaries supporting waqf trustees
- Founders and benefactors preparing generational transitions and trust deeds for family endowments
